

RETIREMENT BENEFITS:

Contributions

MPFRS is funded by employee and employer contributions. An active employee currently contributes 8.5% of his or her gross monthly salary, and the employer currently contributes 8.5% of the employee's gross monthly salary for a total current combined contribution equal to 17%. The Board may, upon recommendation of the Board's actuary, increase the employee contribution rate to 10.5% should the plan not be seventy percent funded by July 1, 2014. The Board may increase the employer contribution rate to no more than 10.5% to ensure actuarially sound funding for the plan. At no time may the rate of employee contribution exceed the rate of employer contribution.

Concurrent Employment

Any active member who has concurrent employment in an additional job or jobs that requires participation in another retirement system administered by CPRB must contribute 8.5% of his or her monthly salary from such additional employment to MPFRS.

Retirement Benefits

The statute prohibits any payout of regular retirement, disability or death benefits from the MPFRS fund prior to January 1, 2017. In order to qualify for regular retirement benefits, a member of MPFRS must meet one of the following requirements:

Final Average Salary (FAS) is the average of the highest annual compensation received by the member during covered employment for any 5 consecutive plan years (Jan. 1- Dec. 31) within the last 10 years of service. The accrued benefit on behalf of any member is calculated as follows:

Final Average Salary x Years of Credited Service x Benefit Percentage

2.6% x FAS x Years of Service for years 1-20

2.0% x FAS x Years of Service for years 21-25

1.0% x FAS x Years of Service for years 26-30

Retirement income payments shall commence on the first day of the calendar month following: **1)** The CPRB's receipt of the member's voluntary application to retire; **2)** The member's termination of covered employment; and **3)** The member's attainment of early or normal retirement criteria.

The very first benefit payment due to a retiree or beneficiary will be mailed directly to the recipient's home address. Following the first payment, benefit payments are credited by direct deposit to retiree accounts on the 25th of each month, except the month of December, when retiree accounts are credited on the 18th. If the 25th (or December 18th) falls on a weekend or holiday, direct deposits are processed on the prior full business day.

If there is neither a surviving spouse nor a dependent child, the fund shall pay to the dependent parents of the deceased member a sum equal to what the surviving spouse would have received

Military service credit will not be credited for the purpose of meeting initial retirement eligibility. Any employee may purchase as much as an additional twelve months of service for time served in active military duty that otherwise has not been credited by paying the actuarial reserve lump sum purchase amount within three years after becoming vested.

Any member who terminates covered employment and is not immediately eligible to receive benefits is entitled to receive from the fund the member's accumulated contributions, which include regular interest, currently 4%. Upon withdrawal, the member forfeits his or her accrued benefit and ceases to be a member. Any member who has 5 years of contributory service is eligible, upon cessation of covered employment, to either withdraw his or her accumulated contributions or choose not to withdraw his or her accumulated contributions and to receive retirement income payments, if eligible, upon attaining normal retirement age.

Reinstatement

Any member who ceases employment in covered employment and active participation in MPFRS and who thereafter becomes reemployed in covered employment may not receive any credited service for any prior withdrawn accumulated contributions from this plan unless following his or her return to covered employment and active participation in MPFRS, the member redeposits in the fund the amount of the accumulated contributions withdrawn from previous covered employment, together with interest on the accumulated contributions at the rate determined by the board, currently 7.5%, from the date of withdrawal to the date of redeposit. Upon repayment, the member shall receive the same credit as if no refund had been made. The repayment shall be made in a lump sum within 60 months of reemployment in covered employment.
