#### **Independent Auditor's Report**

To the Members of the West Virginia Consolidated Public Retirement Board Charleston, West Virginia

#### Report on Schedule of Allocations and Pension Amounts by Employer

We have audited the accompanying schedule of employer allocations of the West Virginia Municipal Police Officers and Firefighters Retirement System (MPFRS), administered by the West Virginia Consolidated Public Retirement Board, as of and for the year ended June 30, 2021, and related notes. We have also audited the total for the columns titled net pension asset (liability), total deferred outflows of resources, total deferred inflows of resources and total employer pension expense (expense offset) (specified column totals) included in the accompanying schedule of pension amounts by employer (collectively the Schedules) of MPFRS as of and for the year ended June 30, 2021, and related notes.

#### Management's Responsibility for the Schedules

Management is responsible for the preparation and fair presentation of the Schedules in accordance with accounting principles generally accepted in the United States of America; this includes design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the Schedules that is free from material misstatement, whether due to fraud or error.

#### **Auditor's Responsibility**

Our responsibility is to express opinions on the schedule of employer allocations and specified column totals included in the schedule of pension amounts by employer based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the schedule of employer allocations and specified column totals included in the schedule of pension amounts by employer are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the schedule of employer allocations and specified column totals included in the schedule of pension amounts by employer. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the schedule of employer allocations and specified column totals included in the schedule of pension amounts by employer, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the schedule of employer allocations and specified column totals included in the schedule of pension amounts by employer in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the schedule of employer allocations and specified column totals included in the schedule of pension amounts by employer.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Opinions**

In our opinion, the Schedules referred to above present fairly, in all material respects, the employer allocations and net pension asset (liability), total deferred outflows of resources, total deferred inflows of resources, and total employer pension expense (expense offset) for the West Virginia Municipal Police Officers and Firefighters Retirement System, as of and for the year ended June 30, 2021, in accordance with accounting principles generally accepted in the United States of America.

#### **Other Matters**

We have audited, in accordance with auditing standards generally accepted in the United States of America, the financial statements of the West Virginia Consolidated Public Retirement Board as of and for the year ended June 30, 2021, and our report thereon, dated October 13, 2021, expressed an unmodified opinion on those financial statements.

#### Restriction on Use

Our report is intended solely for the information and use of the West Virginia Consolidated Public Retirement Board's management, the West Virginia Municipal Police Officers and Firefighters Retirement System's participating employers and their auditors and is not intended to be and should not be used by anyone other than these specified parties.

# NOTES TO SCHEDULE OF EMPLOYER ALLOCATIONS AND PENSION AMOUNTS BY EMPLOYER

#### 1 - NATURE OF ENTITY

The Municipal Police Officers and Firefighters Retirement System (MPFRS) is a multiple employer defined benefit cost sharing plan. The MPFRS Act was passed by the West Virginia Legislature in November 2009 and became effective January 1, 2010. The legislation provided for any municipality or municipal subdivision employing municipal police officers or firefighters to elect to become a participating employer. All police officers and firefighters first employed in covered employment after the date the municipality or municipal subdivision elected to join MPFRS are required to be members of MPFRS.

The West Virginia State Legislature created the Consolidated Public Retirement Board (the Board) to administer ten of the State of West Virginia's eleven retirement plans. The Board is managed by a Board of Trustees, which consists of, by virtue of their position, the Governor, State Auditor, State Treasurer, and Secretary of the Department of Administration, together with the following gubernatorial appointments that are subject to the advice and consent of the State Senate: four residents of the State who are not participants in the retirement plans, one State and one non-State employee participant in the Public Employees' Retirement System, and one participant each from the other nine retirement systems administered by the Board.

Chapter 8, Article 22A of the West Virginia State Code assigns the authority to establish and amend the provisions of the plan to the State Legislature.

#### 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

<u>Introduction</u> - The Government Accounting Standards Board (GASB) Statement No. 68, *Accounting and Financial Reporting for Pensions*, establishes financial reporting requirements for governments that provide employees with pension benefits. GASB Statement No. 68 requires governmental employers to recognize a net pension liability and/or a net pension asset as employees earn pension benefits. Governments participating in MPFRS will recognize their proportionate share of the collective pension amounts for all benefits provided through the plan.

<u>Basis of Accounting</u> - The schedules of employer allocations and pension amounts by employer of MPFRS have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The GASB is the accepted standard setting body for establishing governmental accounting and financial reporting principles for governmental units.

<u>Basis of Allocation</u> - Pension amounts have been allocated to each participating employer based on their proportionate share of employer contributions to MPFRS for the fiscal year ended June 30, 2021. Employer contributions are recognized when due. Retroactive service, military service, out of state service, and back pay employer contributions related to prior fiscal years have been excluded from the allocation.

# NOTES TO SCHEDULE OF EMPLOYER ALLOCATIONS AND PENSION AMOUNTS BY EMPLOYER (Continued)

#### 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

<u>Accounting Estimates</u> - The preparation of the schedules of employer allocations and pension amounts by employer in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of the net pension asset, deferred inflows of resources, deferred outflows of resources, and pension expense as of the measurement date. Actual amounts could differ from those estimates.

<u>Investments</u> - All defined benefit plan funds not required to meet disbursement needs are invested in accordance with the West Virginia Code, as well as policies established by the West Virginia Investment Management Board (WVIMB). The WVIMB has established various investment pools to provide for the investment of the defined benefit plans' assets. These investment pools are structured as multiparticipant variable net asset funds.

The WVIMB was organized on April 25, 1997, as a public body corporate created by West Virginia Code Section 12-6-1 to provide prudent fiscal administration and investment management services to designated state pension funds, the state's Workers' Compensation and Coal Workers' Pneumoconiosis funds, and certain other state government funds. The WVIMB is governed by a Board of Trustees, consisting of thirteen members. The Governor, the State Auditor, and the State Treasurer are ex officio members of the Board of Trustees. The Governor appoints all other WVIMB Trustees for a term of six years.

<u>Measurement Date</u> - Net pension asset, deferred inflows of resources, deferred outflows of resources, and pension expense were determined by actuarial valuations as of July 1, 2020 rolled forward to June 30, 2021, which is the measurement date.

#### 3 - AMORTIZATION

The net difference between projected and actual investment earnings on pension plan investments is amortized over a five-year period. All other deferred outflows of resources and deferred inflows of resources relating to pension amounts reported in these schedules are amortized and included in pension expense over the average expected remaining service life of 7.59 years.

The amortization of the deferred outflows and deferred inflows related to changes in the proportionate share of contributions from year to year for each entity is available from the West Virginia Consolidated Public Retirement Board.

Information regarding the amortization of deferred outflows and deferred inflows of resources related to pension amounts are as follows.

# NOTES TO SCHEDULE OF EMPLOYER ALLOCATIONS AND PENSION AMOUNTS BY EMPLOYER (Continued)

#### 4 - PENSION EXPENSE

The components of pension expense (offset) for the year ended June 30, 2021 (in thousands):

| Service cost   | \$<br>2,343 |
|--|-------------|
| Interest cost  | 812         |
| Projected earnings on plan investments                       | (1,268)     |
| Employee contributions                                       | (2,158)     |
| Recognition of current period deferred outflows/inflows:     |             |
| Changes in assumptions                                       | 182         |
| Differences between expected and actual experience           | 44          |
| Differences between projected and actual investment earnings | (779)       |
| Recognition of prior years' deferred outflows/inflows:       |             |
| Changes in assumptions                                       | (51)        |
| Differences between expected and actual experience           | 92          |
| Differences between projected and actual investment earnings | 78          |
| Other changes in fiduciary net position                      | <br>(68)    |
| Total pension expense (offset)                               | \$<br>(773) |

#### 5 - NET PENSION ASSET (LIABILITY) AND ACTUARIAL INFORMATION

The net pension asset (liability) is the portion of the actuarial present value of projected benefit payments related to past periods, net of the fiduciary net position.

The components of the net pension asset as of June 30, 2021, are as follows (in thousands):

| Total Pension Liability  | \$<br>(13, 184) |
|--|-----------------|
| Fiduciary Net Position   | <br>24,098      |
| Net Pension Asset (Liability)                                  | \$<br>10,914    |
| Fidcuiary Net Position as a percent of Total Pension Liability | 182.78%         |

# NOTES TO SCHEDULE OF EMPLOYER ALLOCATIONS AND PENSION AMOUNTS BY EMPLOYER (Continued)

#### 5 - NET PENSION ASSETS (LIABILITY) AND ACTUARIAL INFORMATION (Continued)

The total pension liabilities for financial reporting purposes were determined by actuarial valuation as of July 1, 2020 and rolled forward to June 30, 2021 using the actuarial assumptions and methods described, as follows:

Actuarial cost method Individual entry age normal cost with level percentage of payroll

Asset valuation method Fair value

Amortization method Level dollar, fixed period

Amortization Period n/a

Actuarial assumptions:

Investment rate of return 7.25%, net of investment expense

Projected salary increases By age from 4.75% at age 30; declining to 3.25% at age 65

 $\begin{array}{ll} \text{Inflation rate} & 2.75\% \\ \text{Discount rate} & 7.25\% \\ \end{array}$ 

Mortality rates Active - 100% of Pub-2010 Safety Employee Table, Amount-weighted,

projected generationally with Scale MP-2020

Healthy Male Retirees - 98% of Pub-2010 Safety Retiree Male Table,

Amount-weighted, projected generationally with Scale MP-2020

Healthy Female Retirees - 99% of Pub-2010 Safety Retiree Female Table,

Amount-weighted, projected generationally with Scale MP-2020

 $Disabled\ Males$  - 124% of Pub-2010 Safety Disabled Male Table, Amount-

weighted, projected generationally with Scale MP-2020

Disabled Females - 100% of Pub-2010 Safety Disabled Female Table,

Amount-weighted, projected generationally with Scale MP-2020

Withdrawal rates 3.00% - 21.00% Disability rates 0.03% - 0.40% Retirement rates 25% - 100%

Date range of most recent

experience study 2015 - 2020

# 6 - SENSITIVITY OF THE NET PENSION ASSET (LIABILITY) TO CHANGE IN THE DISCOUNT RATE (in thousands)
