

## West Virginia TDC Plan FY 2009 Group Educational Meeting Schedule

The West Virginia Teachers' Defined Contribution Retirement System (TDC Plan) invites all TDC Plan Participants to attend upcoming quarterly group educational meetings as part of our continuing effort to help you better understand the general plan provisions of your retirement system, the investment options that are available as well as investment strategies to enhance your retirement benefits! Great-West Retirement Services, the TDC Plan's Third Party Administrator and Service Provider, will be conducting these group meetings throughout West Virginia discussing a wide array of topics which will change on a quarterly basis. **We want to make it very clear that these are NOT sales presentations; they have been solely designed for educational purposes to help you. These are your retirement benefits!** So, plan on attending at least one of the group meetings each quarter that have been scheduled by your county and/or a county in your surrounding area. *This schedule will be updated on a regular basis with additional meetings being added as they are requested*, so we encourage you to go to our web site for the most current schedule at [www.wvteachersdcp.com](http://www.wvteachersdcp.com).

**Each group meeting will last approximately one hour with one-on-one counseling available after each meeting.**
